Thanks, Lisa, for your time today and for sending this.

Jamal, I look forward to working with you going forward.

Hutton

Hutton,

Thank you for making time for a call today to allow us to update you on the status of our review of the 2018 GA narrative revision. As requested, attached are the three publicly available documents that reflect the discussions between EPA and GA EPD on this issue.

As we discussed today, Jamal Cooper, copied above, is the GA WQS coordinator and has the lead for the GA triennial review. Please feel free to contact him if you have any questions on the status of the triennial. Jamal will provide you a copy of the final decision document once our review of the changes to the narratives are complete.

Once again, thank you for your patience on this review.

Lisa

Hutton,

Would you have time for a quick call today and I can give you an update?

I'm available today from 10 to 12:30 or 2-3. If that doesn't work, I'm around most of the time for Mon or Tuesday afternoon.

Lisa

Lisa, we previously communicated (below) about the proposed revisions to the Georgia WQS. Can you give me an update on EPA's approval process for this please?

Thanks

Hutton Brown

Subject: RE: Georgia Narrative Water Quality Standard Rule Change

Hutton,

I wanted to let you know that we have not taken final action on this yet. I will send the final decision to you once it's been sent to the State. I'm out of the office tomorrow, but can respond to any additional questions when I'm back in the office on Monday. Thanks so much for your patience.

Lisa, can you update me on this please. Has the Georgia narrative water standard revision been approved by EPA?

Thanks,

Hutton Brown
